About Me

I'm Junaid Paramberi, a Web Developer, Photographer, and Graphic Designer. My career began in photography and graphic design, where I developed a keen eye for detail and creativity. Over time, I transitioned into web development, blending my artistic background with technology. With certifications from Harvard University's CS50 and Meta, I now craft responsive websites that combine stunning visuals with seamless functionality, ensuring impactful digital experiences that engage users.

Meta javaScript Certification Year of 2023-2024

Demonstrated proficiency in modern JavaScript, including ES6+ features, asynchronous programming, and DOM manipulation. Developed expertise in building dynamic, interactive web applications using industry-standard best practices.

Harvard University's CS50 Certification Year of 2023-2024

Gained a solid foundation in computer science, covering algorithms, data structures, web development, and software engineering. Mastered problem-solving and programming skills using C, Python, SQL, and web technologies.

Deploma In Media Production - ITPC Creative Academy Year of 2017-2018

Developed expertise in media production techniques, which served as the foundation for a successful career in graphic design. Gained skills in visual storytelling, design software, and creative media.

Plus Two Commerce, Govt, of Kerala Certification Year of 2015-2017

Acquired foundational knowledge in commerce, including accounting, economics, and business principles, laying the groundwork for a broad understanding of financial and business operations.

SSLC, Govt, of Kerala Certification Year of 2014-2015

Completed secondary education with a focus on core subjects, providing a solid academic foundation for further studies and professional development.

Graphic Designer & Photographer, 3S Lighting Solutions LLC, Dubai - UAE (2023 - Present)

Currently working on a project for ADNOC HQ, providing creative services in graphic design and photography. Responsible for delivering visual solutions that align with the project's objectives and enhance the company's brand presence.

Videographer & Social Media Handler Gulf Vaartha, Dubai - UAE (2020 - 2023)

Managed videography and social media for an online media platform catering to the Malayalee audience in the UAE. Created engaging video content and handled social media strategies to grow the platform's reach and audience engagement.

Graphic Designer & Videographer Pink Apple Events, Dubai - UAE (2018 - 2020)

Collaborated with an event and media agency, contributing to advertising campaigns and promotional projects. Delivered creative graphic design and videography services, enhancing client branding and event experiences through visual storytelling.
